

The background of the image is a dark, textured elevator shaft wall. A white rectangular text box is overlaid on the right side of the image. In the top right corner of the shaft, there is a small white label with black text and a yellow warning icon. The text on the label includes 'Maximum number of passengers', '630 kg', '8 PERSONS', and 'In case of emergency, please press the alarm button'.

KLEFER

# IP Protection

KLEFER IP lift doors are specifically designed to resist water ingress, ensuring the safety and functionality of elevators in environments prone to moisture, such as external applications, shaft close to coastal areas, or where high humidity is prevalent.

Contact us today to discuss your specific requirements

K L E F E R
