

The background of the image is a blurred view of an elevator interior. The walls are dark and reflective, showing a distorted view of a modern building with glass and steel facades. On the right side, a vertical column of elevator buttons is visible, with a red emergency stop button at the bottom. A white rectangular text box is positioned on the right side of the image, containing the text.

KLEFER

Safety Standards

Safety standards for lift doors are crucial to ensure the protection of the lift user. KLEFER doors strictly comply with rigorous safety standards to prioritize passengers' safety. Discover KLEFER's comprehensive range of norms and products.
